(Wednesday-Saturday during the rest of the year)

Additional tours by appointment

Summer 2018

**Summer at the Carnegie Museum**

Learn. Play. Explore.

May 29 - August 4, 2018  
Participation is **FREE!**

**Complete activities and earn prizes!**

Summer Hours:  
Tuesday-Saturday, 10am to 5pm

Carnegie Museum of Montgomery County  
765-362-4618  
222 S. Washington Street  
Crawfordsville, IN 47933  
[www.cdpl.lib.in.us/carnegie](http://www.cdpl.lib.in.us/carnegie)

Explore the museum with our *Summer at the Museum* program!

Children, pre-school through early teens, are encouraged to sign up for the 10th annual *Summer at the Museum* program at the Carnegie Museum starting May 29. The program runs through August 4, with registration continuing throughout the summer.

Multiple visits to the museum over the course of the summer will allow kids to complete different sets of activities and earn a prize for each. Activities will vary by age, with the younger kids doing different activities than the older ones. All answers can be found in the museum, and the museum staff is always available to give hints and/or explanations. *Summer at the Museum* activities include puzzles, scavenger hunts, origami, and much more. Our current exhibit **Through the Eyes of STEM: The History of the Future** is featured, with many of the activities involving the content of those displays. Frankenstein's monster also comes to play, in honor of his 200th birthday.

Groups and individuals can contact the Carnegie Museum at 765-362-4618 for more information or to book a tour or field trip. Both *Summer at the Museum* and admission to the Carnegie Museum are free.

From May 29 through July 31, the Museum will be open Tuesday through Saturday from 10 a.m. to 5 p.m. and other times by appointment. In August, we'll return to our normal public hours of Wednesday through Saturday, 10 a.m. to 5 p.m.

## **Thank You Friends!**

Your support of the Friends helps the Carnegie Museum to better serve the community by collecting and preserving our shared past and by creating  
*interesting, interactive  
and  
interdisciplinary*  
opportunities for local residents and visitors alike.

# The Carnegie Museum Celebrates the 200th Anniversary of Mary Shelley's *Frankenstein!*

**Thursday, May 10: "It's Alive! Electricity, Cinema and Metaphor in Frankenstein", featuring Dr. Matthew Weedman, Assistant Professor of Art, Wabash College.**

7:00-9:00 pm—Professor Weedman's presentation will examine how the invention of electricity birthed the connection between Frankenstein and cinema. Join Dr. Weedman as we discuss the movie history through images, clips, and humorous tales of wild ambition. Light refreshments will be offered.

**Fridays, June 1—August 3: Frankenstein Crafts at the Carnegie Museum!**

10:00 am-5:00 pm—Kids can create Frankenstein-themed crafts every Friday throughout the summer as part of our *Summer at the Museum* program.

**Fridays, June 8, July 13, August 10: Frankenstein Fridays Summer Book Club**

Noon—1:00 pm—Join us as we discuss Mary Shelley's famous book and explore various literary and historical themes. No need to have read or finished the book before you attend. **FREE BOOKS** available at the Carnegie Museum while supplies last! Bring your own lunch; we'll provide some snacks. A different theme will be explored each month. Come for one, two, or all three!

June 8—Discussion Leader: Dr. Crystal Benedicks, Associate Professor of English, Wabash College

July 13—Discussion Leader: Dr. James Norton, Professor of English, Marian University

August 10—Discussion Leader: TBA

Watch our Facebook page and the newspapers for more details!

**Saturday, June 30: Maker Day**

1:00-4:00 pm—Drop in during the event hours to celebrate **making** in all its forms. Come to learn, invent, craft, make, and play! Family-friendly & free!

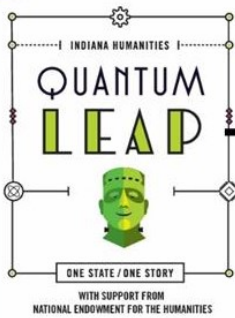

**Saturday, October 6: FrankenFest**

10:00 am-9:00 pm—Join us throughout the day to hear selections from the book, watch a movie, make crafts, and much more! Different activities and programs will be available for kids and adults. An all-day Frankenstein-themed festival!

**Saturday, October 27: Brain Day**

1:00-4:00 pm—Visit the Carnegie Museum to learn about neuropsychology with Wabash College professors and students at this family-friendly, free event. Join us for costumes, candy and braiiiiins!

# IT'S ALIVE!

## ELECTRICITY, CINEMA AND METAPHOR IN FRANKENSTEIN

**Thursday, May 10, at 7 pm. Admission is free.**

Join us to hear Dr. Matthew Weedman, Assistant Professor of Art at Wabash College, talk at the Carnegie Museum. We will discuss the exciting history of Frankenstein through images, film clips, and humorous tales of wild ambition!

### **Carnegie Museum membership brings great benefits!**

Are you traveling this summer? Are you interested in visiting the Field Museum of Natural History or the Museum of Science & Industry in Chicago, the Museum of Natural History & Science in Cincinnati, or the St. Louis Science Center? Then become a member of the Friends of the Carnegie! Through our participation in the **Association of Science & Technology Centers (ASTC) Passport Program**, our members gain free admission to all of these museums and many more — over 300 participating science centers and museums around the world (outside a 90-mile radius around Crawfordsville and your residence). You can download a list of participating programs at the ASTC website: [astc.org/passport/](http://astc.org/passport/)

And don't forget that your Carnegie Museum membership also gives you other great benefits. Not only do you help support our efforts to preserve the history and culture of our local community, but members also get a 10% discount on many items in our gift shop, receive our quarterly newsletter, and get special invitations to events.

To join, return the membership form in this newsletter along with your payment. Questions? Give us a call at 362-4618 or stop by the museum. We'd be happy to answer your questions about this great program.

# Check out some of our events from Spring 2018!

## Through the Eyes of STEM: History of the Future Exhibit Opening

These are just some of the talented Crawfordsville Middle School students who helped us prepare the exhibit. So great to see you at the exhibit opening!

Check out the new 2018 exhibit banners at the Carnegie Museum!

## Genetic Engineering Forum

Purdue University Biology Professor Andrea L. Kasinski gave a fascinating talk about her cancer research before we broke into groups to discuss the ethical implications of genetic modification.

## Physics Pi Day

A big thank you to the Wabash College Physics Department for helping entertain and educate our visitors to our 10th annual Physics Pi Day!
